Registration Closes **SEPTEMBER 9th**

An AKC seminar on understanding and applying Earth Dog Rules and Regulations is planned for **Monday, September 26th** at Belden Farm, following the OTEEC Earthdog tests the weekend of September 24th and 25th. At this informative and useful seminar you will gain understanding and insight into the AKC Earthdog rules, and knowledge on how or why you or your dog may fail or pass a test: for example, a simple phrase like **"Get the Rat, Get the Rat!"** can fail a test for you and your dog! All are encouraged to take a knowledge test at the end of this class. The test is a good knowledge-check of the seminar for those who just want to know Earthdog tests inside and out, and is a requirement for those wanting to become an Earthdog Judge.
